Re: Combined Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction and Operation of a Nuclear Facility in Jenkinsville, South Carolina  
Docket No. 2008-196-E

Dear Ms. Boyd:

The South Carolina Office of Regulatory Staff ("ORS") looks forward to providing the Public Service Commission of South Carolina ("Commission") with a briefing on ORS's activities concerning the construction of Units 2 and 3 located in Jenkinsville, South Carolina. ORS requests guidance from the Commission as to how to handle inquiries that would require the disclosure of confidential information related to V.C. Summer Units 2 and 3.

Respectfully submitted,

Jeffrey M. Nelson
